# Amazing Waaaw...

Sywawa is the frivolous sister of sturdy brother Symo Parasols. Sywawa's avant-la-lettre design is the result of innovation, handcraft, top quality materials and high-end workmanship.

Thanks to human involvement in the process of creation and production, the Sywawa parasol has gained its strong personality.

Sywawa stands out from the crowd, thus underlining the personality of its owner.

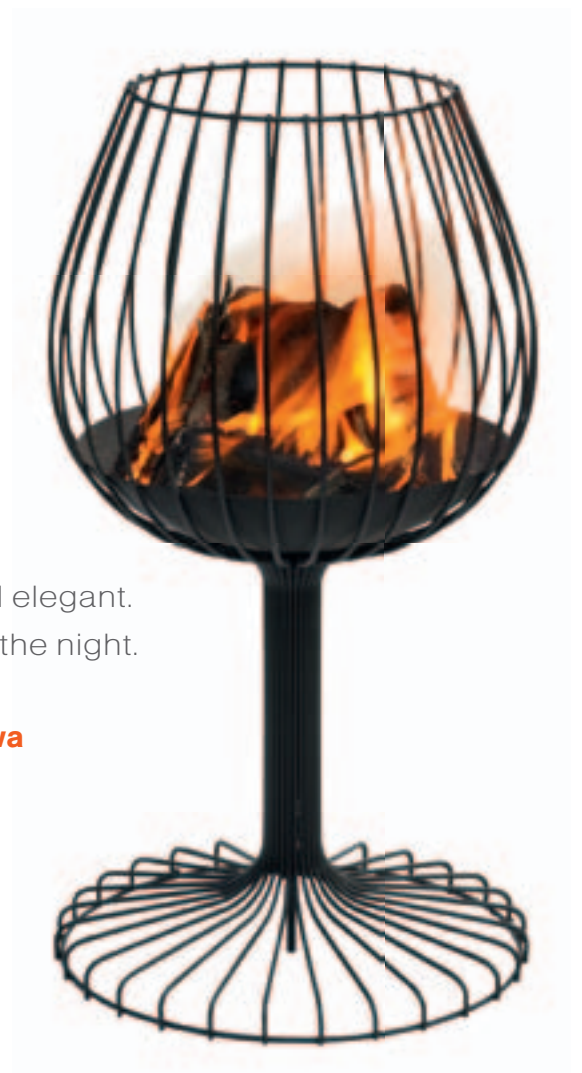

As a muse, Sywawa inspires and exposes. Sywawa stands for goose bumps, a particular character and sensuality. Sywawa on your terrace brings a playful touch in life.

# COCON

The COCON umbrella creates comfort, privacy, leisure atmosphere and optical direction in the shade.

Its asymmetric shape is especially designed to be used as a screen.

That is why the umbrella does not only shade, but at the same time serves as a cosy place under the sun.

Lieven Musschoot and Mathias Hennebel have lost their heart to Bruges, and so has Sywawa.

Our city has always been the world capital of bobbin lace. The Dentelle is the ultimate ode to this delicate craft from "Brugge die Scone" (Beautiful Bruges).

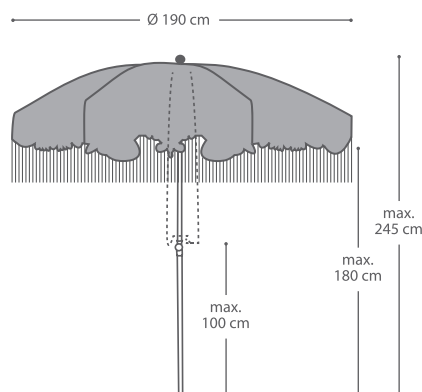

A contemporary tribute to the revival of a long lost fashion.
